

## IT 140 Sample Dragon Text Game Storyboard

The dragon has taken over the dining room and your party guests will arrive in a matter of hours. You need to defeat the dragon before your guests arrive, but before you fight the dragon you will need a few items. You will need a book from the library to learn how to defeat the dragon, armor from the bedroom to protect your body, a helmet from the cellar to protect your head, a sword from the dungeon to stab the dragon, a shield from the gallery to protect yourself from the dragon's fire, and finally a peanut butter sandwich from the kitchen to gather enough energy to defeat the dragon.

Here is a map of the castle rooms and items to help navigate your quest:
